

# GUESS

**Hi KIDS!** You may have heard a lot of things about the Bible. Now it's time for you to discover some of what the Bible is all about.

**GUESS WHAT?** shows you what the Bible says about a whole lot of things.

Using the Bible is easy. Here are some hints.

You will notice words and numbers that look like this:

**Mark 10.46-52**

The idea here is to give you a way to look up parts of the Bible quickly and easily. Here is how it works.

Book Name	Chapter Number	Verse Numbers
Mark	10	46-52

The Bible is made up of a bunch of books. Each of these books has a name. Find where the book starts by looking in the list of contents.

In each book there are chapters. Each chapter is given a number.

In each chapter there are little numbers in front of some of the words – these are called verse numbers.

So when you are given a book name, chapter number and verse numbers, you can find what you are looking for in the Bible!

Each of the topics in this leaflet has 5 things for you to read and think about. As you read through each one, tick the box and move on. Have a great time reading the Bible!
